

PRESIDENTS MESSAGE MAY, 2025

At the recent board meeting a number of people who had not paid their fees which were due on 1 April, and whom had received 18 reminders, without reply, were removed from the the club. Remember it is your responsibility to keep your fees etc, with the club up to date. Annual fees are due on 31 March each year.

There are two dinghies on the lawns of the club. Please remove them. The club has some empty dinghy spots available for a reasonable rental. One of the dinghies has blown against members craft on two occasions. Please REMOVE them. We do not want this club to become a dumping ground.

On a sadder note, life member and all-round character TONY CREEVEY has passed away. A wake for Tony will be held at this club about 1300hrs on Friday 30th MAY. A BBQ.

Some 20+ new members are being inducted into the club next Saturday. These are to replace former members that have ceased to be ordinary members. If you see newer faces around the club please make them feel welcome.

Re the necessary waterfront work. The paperwork has gone into the council for a. PreDA meeting. This is to sort out any problems before the DA goes in. Maritime, Fisheries need to endorse the plans as well as the Crown Land. Then back to the council for final agreement.

Richard has acquired two new moorings for the club. Previous administration had applied for a mooring in Hardys Bay on the central coast. The board decided to accept the offer and to monitor whether we will keep it after 12 months. Use or lose. The other mooring is in the next bay Winji Jimmi. Use to be determined as we don't know what size vessels will be allowed on it, as yet.

Great weather for ducks.
