

PRESIDENTS REPORT OCTOBER, 2025

OCTOBER 18. CLUB CLOSED...ANNUAL WORKING BEE..Bring your gardening tools, or whatever you have available. This is the annual clean up of the club. Painting, greasing, gardening, blowing, trimming trees, cleaning out of the northern hill etc. etc. Morning tea and lunch provided by the club. (From 8am Start)

This is a chance to meet and mingle with other club members. Turn up and enjoy the company.

We are getting to the final stages of the compulsory restoration of the waterfront. We have had core holes drilled through the ramp to a depth of 12.5metres. They found sand and silt. The divers have been under the wharf looking at what wildlife was there. (Nothing of significance)

Insurance has been paid for another 12 months. Denise from BIB, with whom the PAC insures will be at the club for the next few Wednesdays to handle any queries members have.

Please remember that we have 5 dinghy's to enable members to access their craft. They are NOT to be taken away, or left on moorings for your convenience, but returned to the dinghy spot for others to use.

The north and south loading docks are for that purpose. A vessel was left there unattended on Monday of the long weekend, whilst the yacht owner was helping members with their slipped boat. It was there most of the day. Loading and unloading on these wharves only. Less selfishness and more co operation please. You are not the only member of this club. Members only on the clubs wharves.

AGM. The books have been checked by our accountant and auditor and returned. The AGM will be held on Friday 14th November, 2025 at 7pm. Three board members are retiring, however the three, Richard Steel, Lindsay Holloway and Phil O'Leary are all standing for re election. Any person wishing to stand for the board should contact the PAC Secretary for the 2025 forms. Be informed that if you are on the board you must accept a port folio. Nomination must be in the hand of the secretary by 7pm Friday 24 October, 2025.

An update to the PAC website is under way, hopefully this will prevent the glitches that some of us have been experiencing. It needs badly to be updated.
